## Mavs100 Promo

I downloaded and signed up with the Mavs100 code but was unable to complete it initially. It said I was added to a wait list.

A few days later I got an email saying I was off the wait-list and could now complete my registration. It also said I would still receive my crypto rewards regardless of the 48 hour period.

I have signed up, deposited 101 and used it all to buy shib (up 20% for me atm). I have not received or found any info that indicates how or when I would get this bonus.

Has anybody successfully gotten the \$100 BTC bonus or know if there is something else I need to do?

thanks

Whoa! 100 BTC?!?!?!

Or....do you mean \$100 worth of BTC?

Please, make sure you write correctly to not give false hope to other users who just learned about MAVS100.

Also, your bonus rewards will take within 2 weeks. Congratulations in making part of Voyager community.

Welcome!!!

I have been waiting 21 days for the \$100 promo to be paid and Voyager has not responded to any of the emails I have sent them (other than an auto-response that says they will respond ASAP). Does anyone have a phone number for Voyager?
